WMFFC Mission Statement

The Mission Statement of the White Mountain Fly Fishing Club is: "To assist in the development and maintenance of fly fishing opportunities and to promote and participate in fly fishing in its many forms."

We support and practice Catch and Release. We support the use of Barb-less Hooks and harmless netting and release practices. Fish should never be held out of water for longer than you can hold your breath.

Tight Loops

I'm happy to report that I'm grand farther again. My daughter had a 6lb 14oz baby girl named Kloë Emma Leigh Axberg. She, like all baby girls, is perfect and in good health. While I was in the valley I took two days to go dove hunting. This is a banner year for dove and quail. Now that I'm back in the mountains it time to go fishing. The weather is cooling off and the lakes and streams are beginning to produce some very nice trout. Earl Park is picking up and so are the higher elevation lakes. Car pooling is a good way to save on gas and it's fun to spend time with other club members.

Club Fly Tying Vise

Someone who attended one of our tying classes borrowed one of our vises and we need it for our upcoming classes. Please bring it to the next club meeting or call me and I will pick it up, Thanks.

Monthly Meeting Buffet

This month the buffet will be pizza and wings which includes a soft drink and the tip for \$8.00.

Financial Records Audit

Jerry Meyers has completed the audit of our financial record and the result is that Jon Meyer has done an outstanding job keeping our records. Now the only thing that needs to be done is an inventory of our club property. If you have some club property, please provide Jon Meyer with a list of the items you have.

Casting Classes

I will be announcing a Casting Class soon. I'm planning to have the class on a Saturday (not on an outing Saturday). I need to find a good place to have the Casting Class, suggestions would be welcomed. We need water with room enough for the back cast and close to Show Low & Pinetop/Lakeside.

See you on the water,
Bob Bowers
President

ARIZONA GAME AND FISH DEPARTMENT

MANAGING TODAY FOR WILDLIFE TOMORROW

www.azgfd.gov

Alex Funk -- AZGFD

Club Members,

On behalf of the Arizona Game and Fish, Mike Lopez, has requested that some of our educated fly fishing members help to educate the general public. The "outing" will be held from 8:30 am until 4:30 pm on Becker Lake October 4, 2008. The G & F has asked for at least six interested participants from the club. If twelve were to volunteer they could split the day. Everyone that is participating can certainly stick around to fish or continue to help, if they are a part of one half of the day or the other. The club is assisting with some equipment but two float tubes may still be needed for usage for the day. These tubes must be at least the u-tube or newer in good working order. Some rods may be needed, but the AZ G & F is trying to handle that. The event should be focused on helping anglers understand the concept of catch and release fishing, and the rewards therein, educating anglers on fish handling techniques, use of single barbless hooks, ie: flies, float tubes, waders, and fly rods. This is an opportunity to show your support for this wonderful fishery, the state, your club, and the sport of Fly fishing, not to mention concepts that allow for better fishing, all around, in every way. I believe that an overwhelming amount of you will want to be a part of this. Thank you for your support on this.

WMFFC 2008 General Election Results ...

FRAN STIER -- SECRETARY

The BIG winner of our recent elections was our Electronic Voting. We received many more votes this year than previous years: 50% return votes by email and 33% by snail mail. Although there were some glitches with personal emails, the ballot was easy to file. Big Thanks to Cory, our webmaster.

The contested positions were for the general Board Member: Judy Gurley, Mike Smith, Bud Mast and Mike Styvaert all ran a close race. Bud Mast and Mike Smith received the most votes.
